

REMARKS/ARGUMENTS

The Applicants' representative has carefully reviewed the Examiner's Office Communication of February 3, 2006, in which the Examiner asserted that the amendment filed on November 21, 2005 was non-responsive, because the new claims differ from the invention that had been constructively elected.

The revisions to the claims are intended to be directed to the original subcombination, and this is done using a Jepson format.

Applicant believes that no fees are due in connection with this amendment. In the event that fees are due, you are hereby authorized to deduct the required amount from our Deposit Account No. 02-0400 (Baker & McKenzie). *When identifying such a withdrawal, please use the Attorney Docket Number WEB-927-CIP.*
